

TERGOEX

PRODUCT CATALOGUE

ABOUT US

TERGOEX is a Turkey-based supply and export company delivering plastic packaging and disposable products by leveraging Turkey's strong manufacturing infrastructure.

Our products are manufactured in modern facilities with high production capacity, advanced machinery, and quality-focused processes in compliance with international standards.

Using food-grade raw materials, our products are designed to meet hygiene, durability, and sustainability requirements across various industries.

TERGOEX manages all processes from production to shipment with precision, including quality control, packaging, and logistics operations.

Our production partners operate in accordance with international standards and hold certifications such as ISO 9001, ISO 22000, and relevant quality certifications.

Vision

To become a trusted and preferred global supplier representing Turkey's manufacturing strength.

Mission

To deliver high-quality products with competitive pricing and efficient logistics, building long-term and sustainable partnerships.

Quality Policy

To adopt quality as a standard in every process and provide reliable, sustainable, and high-performance products to our customers

A white semi-truck with a large trailer is driving on a road towards the viewer. The trailer has the word "TERGOEX" written on it in large, bold, black letters. The truck's headlights are on, and the sun is setting in the background, creating a warm, orange glow. The sky is filled with dramatic, dark clouds.

TERGOEX
